We are proud to be members of the "Taste of the West" and support local suppliers. Fish is sourced from Lyme Bay, where possible. Our meats are sourced from West Country farms and quality assured local butchers as well as our eggs which are free ranged supplied by Fowlers in Honiton.

We don't carry large stocks of fish to ensure freshness, so inevitably we may sell out of some items during service. Please bear in mind that although we fillet our fish with the upmost care, some small bone fragments may remain.

All of our dishes are freshly prepared, please be patient with us during our busy times. Tables of 8 or more guests will be subject to a discretionary 10% service charge.
